Abstract: <kw>Howard Burton, Mike Lazaridis, RIM, Perimeter Institute, mandate, research, outreach </kw>

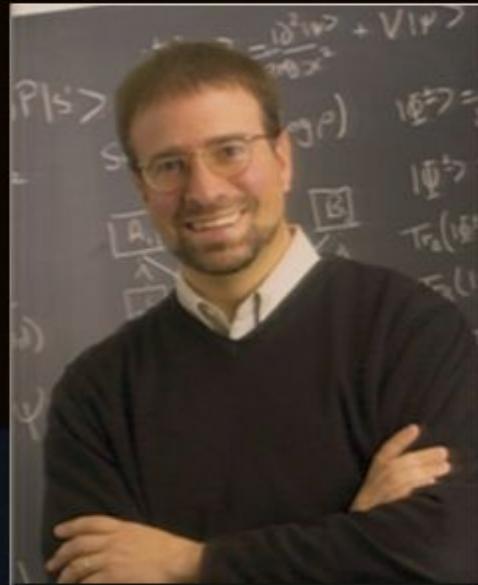

PERIMETER
PI INSTITUTE FOR THEORETICAL PHYSICS

Talk Overview

- What Have We Done and Why?
- Twin Mandates
 - Research
 - Outreach
- Why it Matters to You

What have we done and why?

➤ Origins

Howard
Burton

Mike
Lazaridis

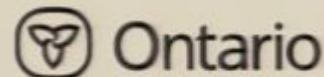

What Have We Done and Why?

- Mike and I meet – August, 1999
- Appointment of Board – October, 1999
- Institutional Travels – Jan-June, 2000

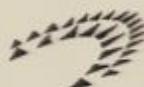

What Have We Done and Why?

- Independent
- Public-Private Partnership
- Fresh, flexible and productive approaches to research and outreach

Ontario

Canada
Foundation for
Innovation

Canada

What Have We Done and Why?

➤ The Mandate:

...independent, resident-based research institute devoted to foundational issues in theoretical physics at the highest levels of international excellence. We strive to create a lively and dynamic research atmosphere where many approaches to fundamental questions, ***both orthodox and unorthodox***, are pursued simultaneously and where a balance between ***formal and phenomenologically-oriented*** research is established. We are further determined to interact constructively with the surrounding academic community whenever possible, particularly with regards to the inclusion of ***graduate students***, and are equally determined to promote a world-class ***outreach program*** to disseminate the mysteries and wonder of the physical world to the general public throughout Canada and beyond.

What Have We Done and Why?

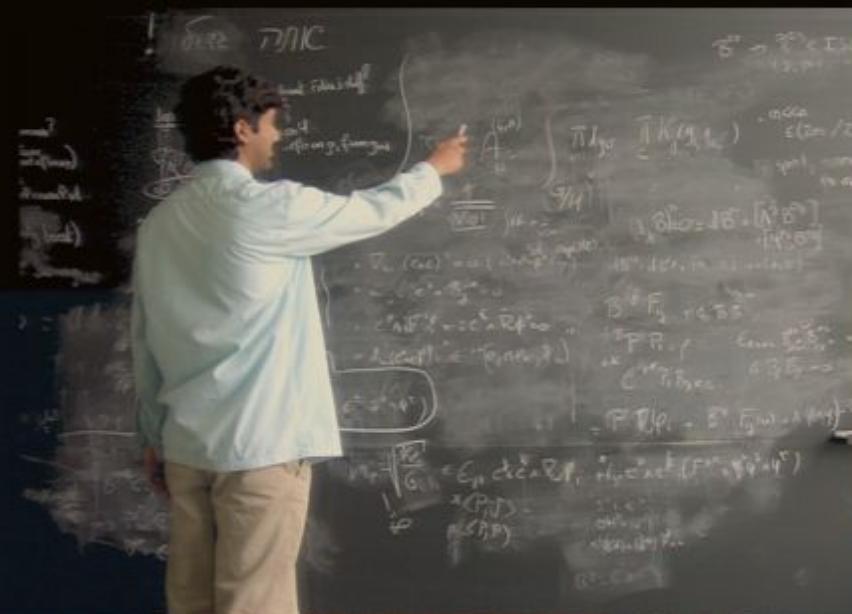

➤ Milestones

- ◆ Public Announcement of PI – October, 2000
- ◆ First Meeting of SAC – March, 2001
- ◆ Research Operations Begin – October, 2001

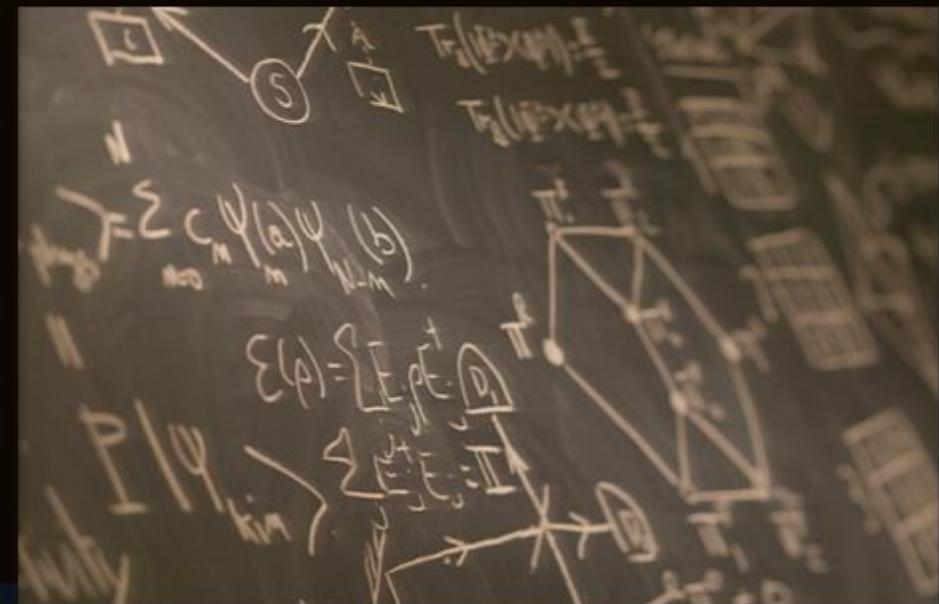

The Research

- How Are We Different?
- What Are We Doing?

The Research

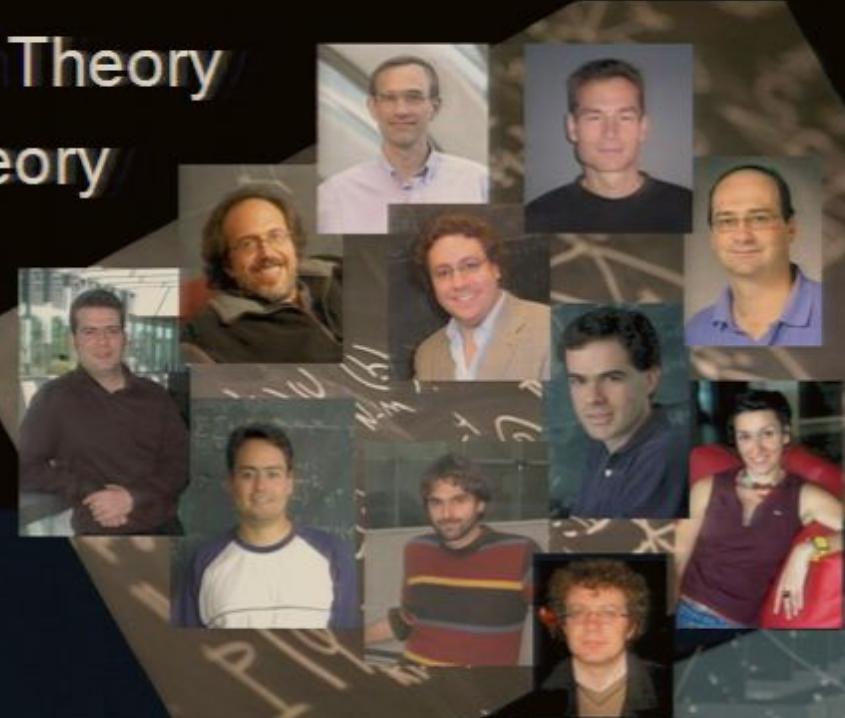

- Foundational Issues
 - ◆ The essence of space, time, matter and information

The Research

➤ Cross Disciplines in:

- ◆ Foundations of Quantum Theory
- ◆ Quantum Information Theory
- ◆ Quantum Gravity
- ◆ Superstring Theory
- ◆ Particle Physics
- ◆ Cosmology

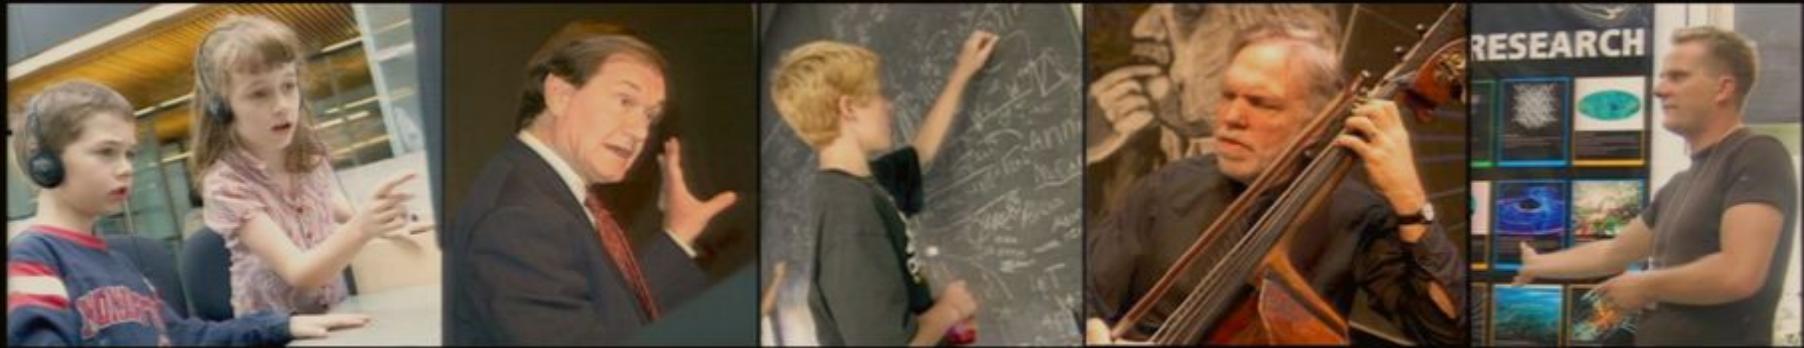

The Research

► Particle
Physics

Outreach

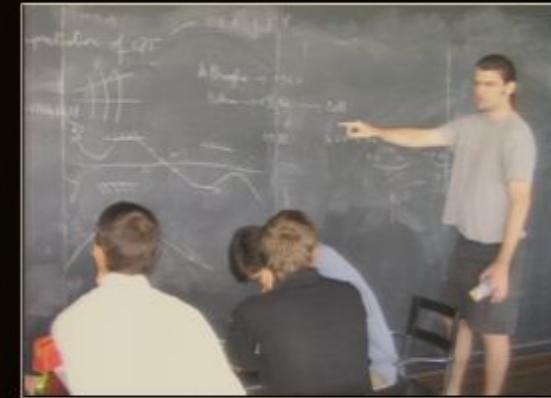

- Why Do It?
- Can We Address Societal Concerns?
- What Exactly Do We Do?

Outreach

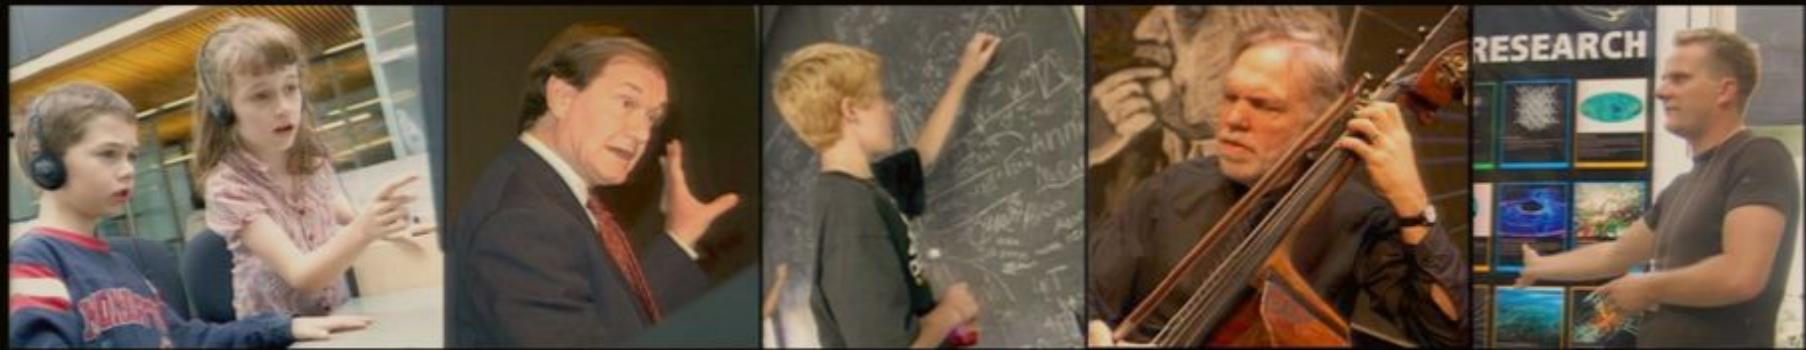

➤ Programs for:

- ◆ Students
- ◆ Teachers
- ◆ General Public

Outreach

- Why Do It?
- Can We Address Societal Concerns?
- What Exactly Do We Do?

Outreach

- Programs for:
 - ◆ Students
 - ◆ Teachers
 - ◆ General Public

Outreach

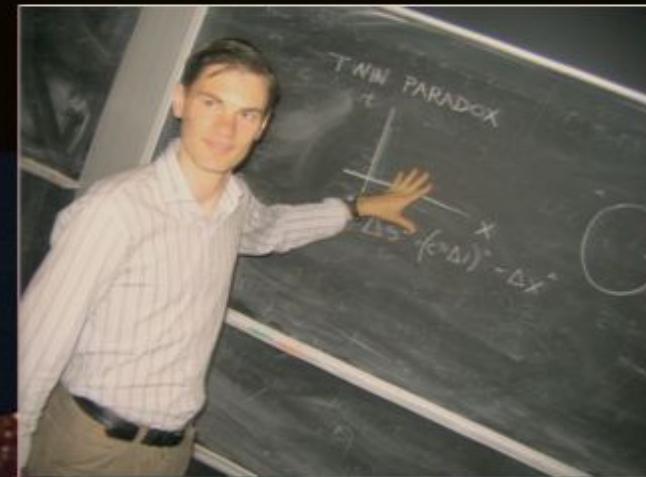

➤ Programs for Students

◆ ISSYP

- High school students from Canada and around the world
- Expanded to two 14-day programs held at PI
- Includes lectures, mentorship, tours and cultural events

◆ Physica Phantastica

- Interactive classroom lectures in schools nationwide
- Topics include: *Quantum Theory*, *Electromagnetism*, and *Special Relativity*

Outreach

➤ Programs for Teachers

- ◆ Einstein Plus
 - Expanded to two, week-long workshops held at PI
 - Focus on key concepts in modern physics
- ◆ Regional Teacher Workshops
 - Conducted on location nationwide
 - Fosters inspirational teaching

Outreach

➤ Programs for General Public

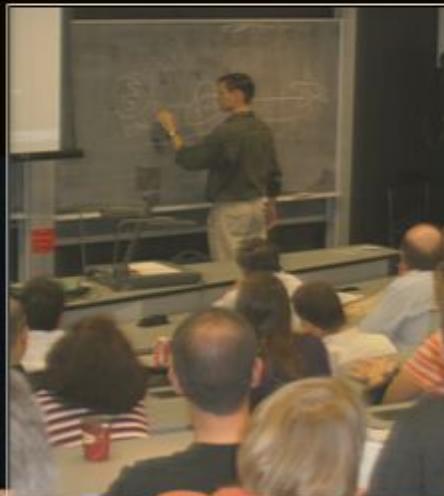

◆ Public Lectures

- Monthly public lectures attract 600+ (WCI)
- Speakers include Edward Witten, Leonard Susskind, Lisa Randall, Anton Zeilinger, Paul Steinhardt, Scott Tremaine
- Topics include Canada's international scientific reputation, science in the media, history of science, quantum computing, superstring theory

Outreach

➤ Programs for General Public

- ◆ Black Hole Sessions (Continuing Education)
 - Monthly drop-in sessions at PI
 - More technical, interactive discussions on various aspects of modern physics

Outreach

➤ Programs for General Public

◆ Open House

- October/04 one-day Open House attracted 8000+
- Included tours, interactive group discussions and lectures from Roger Penrose, Anthony Leggett, Margaret Geller, Steven Weinberg and other prominent scientists

Outreach

➤ Programs for General Public

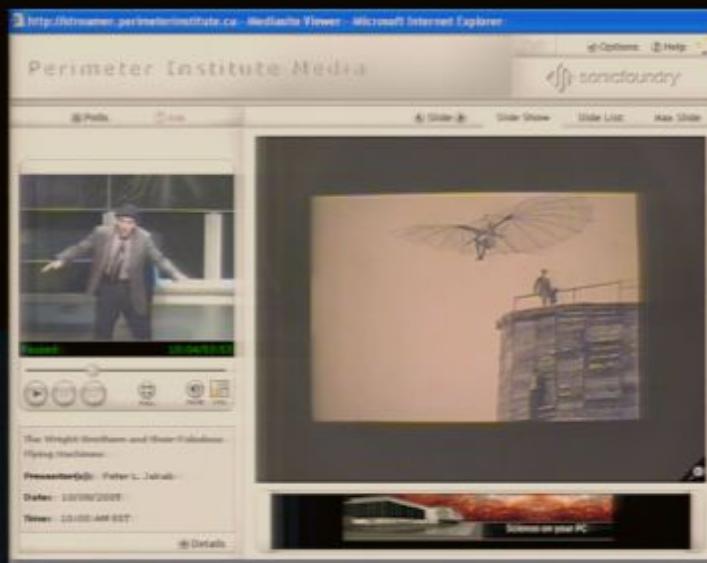

◆ Festival

- October/05 EinsteinFest attracted 28,000 international guests
- Program celebrated life, science, times and legacy of Einstein through lectures, exhibits, interactive experiments and performances

Outreach

- Programs for General Public
 - ◆ Website Materials and Programs

Outreach

➤ Programs for General Public

◆ Event Horizons

- Talks, performances and exhibitions
- Series includes Kronos Quartet, Pascal Rogé, Emanuel Ax, Emerson String Quartet, Bang on a Can, Juilliard String Quartet, Beaux Arts Trio, Art Talks with Ed Burtynsky, Jim Dine
- Post-performance interaction in the Black Hole Bistro

Outreach

➤ Milestones

- ◆ First Public Lecture
(Penrose) - October, 2001

- ◆ Student and Teacher
Programs – January, 2002

Outreach

➤ Milestones

- ◆ Monthly Public Events Series Begins – Oct, 2002
- ◆ International Student Camp – August, 2003
- ◆ National Teachers' Workshop – August, 2004
- ◆ Grand Opening of New Building – October, 2004
- ◆ Event Horizons Begins – January, 2005
- ◆ EinsteinFest – October, 2005

Outreach

➤ Milestones

- ◆ Face to face interaction with:
 - 2000 students
 - 1000 teachers
 - 62,000 members of general public
- ◆ Participation Involves
 - 10 Provinces and Regions
 - 29 Countries

Outreach

➤ Milestones

- ◆ Endorsed by:

- Government of Ontario
- Government of Canada
- UNESCO

Why it Matters to You

- Next Steps
- How to take part

Why it Matters to You

➤ Research – Next Steps

- ◆ Prudently hire additional 25 to 30 Researchers
- ◆ Further Incorporate Graduate Students
- ◆ Grow Partnerships Among International Institutes

Why it Matters to You

➤ Outreach – Next Steps

- ◆ Expand Programs, Products and Staff to Provide:
 - Continuing Education Courses
 - Elementary Programming
 - Books
 - TV Documentaries
 - “Lessons-In-A-Can” for Teachers
 - “Critical Conversations”
 - Improved Website Content
