

Title: The Agenda with Steve Paikin: Are We Bound for Space?

Date: Oct 19, 2009 08:00 PM

URL: <http://pirsa.org/09100066>

Abstract: Commitment to space travel has ebbed and flowed. Physicist Stephen Hawking believes the way to ensure human survival is to continue space exploration. Critics of space travel argue that Planet Earth is in dire need of our attention and resources right now. Is there a trade-off between going to space and fighting climate change, overpopulation and other earthly concerns? Be part of the live studio audience for this special edition of TVO's The Agenda with Steve Paikin.
