Title: Summit plenary - Smart kids are doing it for themselves

Date: Sep 30, 2013 08:30 AM

URL: http://pirsa.org/13090084

Abstract: A discussion between students who dared to strive for better and hacked their education to get there. They talk about their motivations, experiences, the reaction of those around them and the difference it has (or perhaps hasnâ€™t) made to their lives.
