Title: Summit plenary - You can't get there from here

Date: Oct 01, 2013 08:30 AM

URL: http://pirsa.org/13100087

Abstract: A no-holds-barred examination of the end-goals of education. Higher education establishments and changing industry requirements (especially new industries) are moving the goalposts for the outcomes of K-12 education. Is the goal to create people who will do good and make the world a better place?
