Abstract:

As part of PI's ongoing initiative aimed at enhancing the skills of our graduate students and post docs, we're introducing a training program designed to equip them with practical insights for delivering compelling non-technical presentations. The sessions will be facilitated by PI's training and outreach personnel.

**WHAT ARE THE INGREDIENTS OF
A GOOD OUTREACH TALK?**

Physics translation

Why?

- Less nervous giving technical talks
- Give clearer technical talks
- Deeper understanding of the physics
- Communication is a useful life skill
- It's fun!

Let's Practice

The Elevator Pitch...

You have 30 seconds to explain to me what a Black hole is!
